THEME BUFFETS ARE TOP SELLERS

Aroma Catering recently celebrated the 1000th sale of their popular theme buffets. Chef Keith started noticing increased bookings about a year ago. "Our BBQ's have always been a favorite, and then I started to see a trend in clients ordering theme buffets." From social, corporate and community events, theme buffets can be the party

planning start point. "Our popular Gourmet Hawaiian Luau makes it easy for the event planner to accessorize their party around the food." Gail Stroup, Aroma Catering's event manager noted. "Planning your event using a theme is also a time saver for event managers. They can choose from one of our nine themes, book the event and move on to other party details." Check out our online theme special! *Theme buffets*

include Spanish, Deep South, Caribbean, Italian, American, Hawaiian Luau, Mexican Fiesta, All American Grill and Cajun.

Event Planning 101

1. Have your event at a museum or other unique venue.
2. Always use double-sided buffets when possible.
3. Guarantees are due to the caterer 48 to 72 hours prior to each meal function.
4. If you don't have entertainment, ask if music can be piped into the room (cheaper than live entertainment).
5. You don't always have to order off the menus. Talk to our chef, he's fabulous in creating food memories!
